## K-2 and 3-6

- The NetSmartz Workshop was developed by the National Center for Missing & Exploited Children (NCMEC) and Boys & Girls Clubs of America (BGCA) to teach children and teens, aged 5 to 17, how to be safer when using the Internet.
- Blue Coat® K9 Web Protection is a content filtering solution for your home computer. Its job is to provide you with a family-safe Internet experience, where YOU control the Internet content that enters your home. K9 Web Protection implements the same enterprise-class Web filtering technology used by Blue Coat's Fortune 500 customers around the world, wrapped in simple, friendly, and reliable software for your Windows 2000, Windows XP or Windows Vista computer.
